Motioning for Appearance by Zoom

1. Litigants and attorneys who intend to participate in a hearing (as opposed to merely observe), must appear in person unless a motion requesting appearance by Zoom has been filed and permission granted.

2. Motions/proposed orders requesting appearance by Zoom must be separately filed by each individual seeking to appear by Zoom. The Court considers motions for Zoom appearance on a case-by-case and participant-by-participant basis, and a participant should not assume that they are permitted to appear by Zoom merely because permission has been granted to a different participant.

3. Motions seeking appearance by Zoom should contain an explanation for why the participant is requesting permission to appear via Zoom. Attached below is a template proposed order on motions for Zoom appearance that can be filled in by the movant and filed at the same time as the motion. Movants are not required to utilize the attached template, **but any proposed order must contain all of the information found in the template below**.

4. **Motions/proposed orders requesting Zoom appearance should be e-filed at least two business days prior to the hearing**. Do **NOT** e-file zoom motions/orders **BEFORE** you e-file your notice of hearing. Do **NOT** amend your notice of hearing if your zoom order is granted. ZOOM permissions are granted as to individuals **NOT** for all participants **AND NOTICES OF HEARING MUST REFLECT IN PERSON APPEARANCE** regardless of granted zoom orders.
5. **Parties seeking to appear by Zoom are expected to familiarize themselves and comply with Florida Rule of General Practice and Judicial Administration 2.530.**
